

## **IOSH MANAGING SAFELY**

Employers are legally required to ensure all staff are provided with adequate health and safety training. Managers and Supervisors in particular should be aware of their responsibilities and be competent to manage health and safety effectively.

IOSH Managing Safely is dynamic and practical 4 day Health and Safety training course designed to educate line managers on their Health Safety and Environmental responsibilities and build the confidence to put it all into practice. The course is primarily designed for managers with responsibility for people or processes and is equally relevant for managers and supervisors at any level who require a basic broad view of current health and safety requirements and principles.

This course aims to cover all major HSE issues and provide delegates with the right level of knowledge and practical experience needed to manage key issues within their teams.

### **Who should attend?**

Line Managers, Supervisors

Individuals responsible for teams or groups of employees who require a basic knowledge of Health and Safety

### **Content:**

This course covers 8 units over 4 days:
