

COSHH Risk Assessment British Safety Council Level 2

Aimed at

Those with responsibility for carrying out COSHH Risk Assessments in the workplace.

Course Overview

This **one day course** teaches delegates how to carry out a COSHH Risk Assessment in line with the HSE's Approved Code of Practice. Leads to a level 2 Qualification.

Benefits

- A nationally-recognised, transferable qualification based on the HSE's guidance to the regulations
- Allows employers to get more of their staff properly qualified to carry out COSHH Risk Assessments, helping them to meet their legal obligations
- Up-to-date and practical training, supplemented with completely new learning materials and specially developed interactive learning sessions
- A fit for purpose assessment task related directly to the candidate's workplace, testing the application of learning in a practical context

Our Approach

Our training utilises the very latest learning methods, with special emphasis on participative and interactive techniques. The training sets out to develop sound and practical knowledge and understanding for day-to-day application in the workplace and prepares each participant for the Level 2 qualification assessment.

Course Coverage

Learning outcomes are grouped into 12 topics including:

- Main legislation relating to COSHH risk assessment
- Competencies required of COSHH risk assessors
- The COSHH risk assessment process

**QHSS COST PER PERSON INCLUSIVE OF LIGHT LUNCH, REFRESHMENTS,
