

Risk Assessment **British Safety Council Level 2 Certificate**

Aimed at

Those with responsibility for carrying out risk assessments in the workplace.

Course Overview

This **one day course** teaches delegates how to carry out a risk assessment in line with the HSE's Five Steps to Risk Assessment and leads to a Level 2 qualification.

Benefits

- A nationally-recognised, transferable qualification based on the national occupational standards
- Allows employers to get more of their staff properly qualified to carry out risk assessments, helping them to meet their legal obligations
- Up-to-date and practical training, supplemented with completely new learning materials and specially developed interactive learning sessions
- A fit for purpose assessment task related directly to the candidate's workplace, testing the application of learning in a practical context

The training sets out to develop sound and practical knowledge and understanding for day-to-day application in the workplace and prepares each participant for the Level 2 qualification assessment.
